

## CREATE PERSONAL AIR PURIFICATION ZONE ON-THE-GO

## TESTED SAFE FOR AIRPLANE AVIONICS

### SCIENTIFICALLY VALIDATED RESULTS:

- Capability to **significantly reduce the aerosol concentration** in the breathing zone #1
- **IONICALLY CHARGE** any face mask, thus **ENHANCING PROTECTION FACTOR** #2

Studies conducted by University of Cincinnati, USA:

**#1 study: "Evaluation of ionic air purifiers for reducing aerosol exposure in confined indoor spaces"**

**#2 results: "continuous unipolar ion emission in the vicinity of a filtering facepiece respirator has the potential to drastically enhance performance against virus-size aerosol particles"**

## WEARABLE IONIC AIR PURIFIER AS-300R

### Creates Personal AIR PURIFICATION ZONE

**P**LASMA IONIC WIND SUBSTANTIALLY LOWER VIRAL CONCENTRATIONS BEFORE INHALATION

Maintenance free, 4 US Patents

Wearable, lanyard neck cord attachment

Solid platinum emitter & stainless steel collectors for **corona** discharge purity.

### NEW WEAPON AGAINST AIRBORNE breathable particles, VIRUSES & BACTERIA down to 0.04 microns

- ❖ **Rechargeable!** 1000 mAh Lithium-Ion battery.
- \* Easy charging with USB cable vide computer or adapter with 5V 2A output
- \* Limiter control circuit inbuilt
- ❖ Helps defend against **Coronavirus sized particles**.
- ❖ **28 hours** run time/charge, charges via USB cable.
- ❖ **Propels cleaner fresher air** into your personal breathing zone.
- ❖ Defends against dust, pollen, smoke, odors, allergens
- ❖ **Portable, ultra light(60 gm)**, mini(2" x 3" x 3/8") and wearable.
- ❖ **Most air pollutants and contaminants are destroyed or forced away from wearer.**
- ❖ **Silent, fan-less, filterless, maintenance free**
- ❖ **75 ft/min** Ion Wind airflow, **50 million ions/cc** Ion Density
- ❖ **Ideal for air travel**, movie theatres, waiting rooms or **any confined or crowded space.**
- ❖ Less than 0.028 ppm ozone, comply UL, FUJI, USC, Intertec
- ❖ **Platinum permanent emitter** vs. noisy carbon emitter that needs replacement.

## HOW IT WORKS

The Air Supply® Rechargeable (ASR) effectively **protects the wearer** in the following ways:

**G**enerates an **Intense Electrostatic Ion Wind** that **charges floating particles, viruses, fumes** in the breathing zone;

- The charged particles are then **Electrostatically Repelled away from the wearer;**
- Thus substantially **creating a Particle Free Exclusion Zone for toxic pollutants and contaminants** in the breathing zone;
- **Perfumes and odors are also minimized** by the ASR Ionization Effect.
- Uses **patented closed field Plasma Ionised Wind** NOT an open field Cottrell type particle precipitator which deposits pollutants and viruses on the wearer's body used as a collector;
- Our closed field Plasma device **destroys some contaminants by Electron Impact Decomposition** whilst
- Other **micro particles are propelled away** from the wearer by the electronic Ionized Wind;
- Our platinum emitter also helps **inactivate viruses with its closed field plasma reactor** that generates micro-watts per cubic centimetre of ultraviolet light.
- **Other particles that are forced away** are then deposited on the floor or other grounded surface.

MADE IN USA, **90 days warranty.**
